Companies

Harvey Vogel Mfg. Co., Woodbury, MN:

Provides engineering and design support, rapid laser prototyping, vendor managed inventories (Kan Ban), precision leveling, value added secondary/assembly services and real time SPC Assurance. An industry leader in short-run, medium-run, and progressive stamping. Almost 70 years' experience, now with a 120,000 sq. ft. state-of-the-art facility and 100+ metal stamping/ fabrication machines. ISO9001:2008, ISO14001 Certified and ITAR Registered.
www.harveyvogel.com

Dynamic Tube, Inc., Maquoketa, IA:

Established in 1976, and initially specializing in the fabrication of high-pressure diesel fuel injection lines, DTI expanded into hydraulics and other pressurized fluid and gas tubing applications. DTI was an early pioneer in the evolution of automated tube bending in the journey to today's modern technologies utilizing CNC bending and coordinate measuring systems. ISO9001:2008 Certified.
