

MotionTech Solutions

Products

Composite Idler Pulleys, Sprockets and Custom Molded Components

Conveyor Rollers

Custom Rubber Components

Custom Urethane Components

Hardware Components; Locks, Handles, Drawer Slides, Hinges, Latches

Inflatable Seals

Machined Metal Components

Metal Stamping and Fabrication

Mounted Bearings, Insert Bearings, Agricultural Bearings

O-Rings

Precision Medical Components

Rubber Diaphragms

Silicone and Rubber Hoses/Extrusions

V-Process Aluminum Castings

Wire Form Products

Zinc-Aluminum Castings

Mechanical Components Group

Harvey Vogel Mfg. Co., Woodbury, MN:

Provides engineering and design support, rapid laser prototyping, vendor managed inventories (Kan Ban), precision leveling, value added secondary/assembly services and real time SPC Assurance. An industry leader in short-run, medium-run, and progressive stamping. Almost 70 years' experience, now with a 120,000 sq. ft. state-of-the-art facility and 100+ metal stamping/fabrication machines. AS9100:2016/ISO 9001:2015, ISO14001 Certified and ITAR Registered.

Albco Foundry, Lisbon, OH:

One of the first foundries in the U.S. to break the mold and couple zinc-aluminum (ZA) alloys with graphite permanent mold casting process. Best practice for graphite mold casting considers 0.100 in. minimum wall thickness and 2 degrees of draft. Graphite mold casting coupled with ZA12 produces a solution that delivers short lead times, precision cast tolerances, excellent detail and a superior finish. ISO 9001:2015 Certified.
